Opportunities for Internships, Networking, Research, Scholarships

KPMG Ideation Challenge

Application deadline for [Girls Who Invest](#) is **November 1 for the 2023 cycle**.

As part of the GWI mission to increase the number of women leaders in the investment management industry, applications are welcome from sophomore students across all majors for this year's Summer Intensive Program and Online Intensive Programs. GWI also welcomes applications from first-year students for our Online Intensive Program.

Check out [Handshake](#), a platform hosted by the Center for Career Advancement, for opportunities to search for internships/jobs.

The KPMG Ideation Challenge

Bucknell will participate in [KPMG's Ideation Challenge \(KIC\)](#)! Participating student teams will compete head-to-head against some of the brightest students across the country. The competition will start with a virtual first round, followed by a virtual semi-final round and then the top 5 teams in the U.S. will be invited to an in-person final round at KPMG Lakehouse. The winning U.S. team will be invited to our in-person Global Advantage program taking place in June. [Handshake has details](#).

A Dialogue Project Competition for College Students

To help equip young people with the tools they will need to lead in the emerging stakeholder economy, Duke is launching a competition for undergraduate students dedicated to exploring the different ways business can be a force for good in society. During the all-expense paid trip to Fuqua, the grand prize winners will present their proposals to influential business leaders and participate in a live case study. Students, [register your interest here](#).

THE WALK OF THE IMMIGRANTS

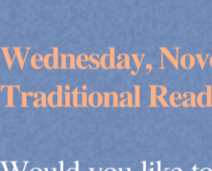

Saul Flores, a photographer, filmmaker, and speaker is coming to Bucknell to share "The Walk of the Immigrants," a keynote in which Saul shares his three month, 5,118 mile journey.

Walking, thinking, and listening on the ground and as being along from Canada to California, Mexico, Central America, and South America, Saul shares his journey of discovery, new friendships, and the journey of immigrants to the United States.

Join us on Wednesday, November 9th to hear "The Walk of the Immigrants" along with food and more! Join us for an understanding of the struggle, hardship, joy, and hope the immigrants experience on their journey.

The Other Side to Service

Do you use same-day delivery service? Many of us do! It is so convenient for last-minute shopping. However, there is another side to this wonderful service: same-day delivery contractors are often treated unfairly and face serious inequity issues. Professors Jimmy Chen and Xinwei Chen study the rights of these workers. They look at their fringe benefits, job-enabling resources, and collective bargaining power. And what is most important they suggest actionable steps at both the firm and societal levels to improve same-day delivery workers' equity.

Global & Off-campus Education

Open Doors of Opportunities. Study Abroad.

Registration opens Nov. 1 and spots go quickly! Site visits take place January 4-20, 2023 and are \$5 per site visit (plus processing fee). Virtual and in-person site visits are available. Transportation to in-person events is the responsibility of the individual student. In-person events have limited capacity and are available on a first-come, first-served basis.

Study Abroad, Fall 2023: Global Education Advising is Now!

Global Education's study abroad advising period for Fall 2023 is now open.

Advising is based on your intended/declared major. Your Global Education Advisor and information on the study abroad process and study abroad programs can be found on [our webpage](#).

DID YOU KNOW?

The CCA staff can provide presentations on a wide variety of topics for your student organization:

- Getting Started
- Career/Major exploration
- Networking
- Resumes
- Cover Letters
- Gaining Experience
- Interviewing
- Graduate/Prof School

"I think the format was fantastic -- having the students practice while they were in the room made them a lot more likely to actually write down an elevator pitch and give it a shot. I would love to continue with this strategy for future SWP-CCA collaborations, where students can get some practice or work on career related skills during the meetings!" - Isabella DiGiulio '23 Chemical Engineering

The L.E.A.D. Engineer Initiative cultivates global citizens who positively contribute to innovative solutions in a changing world. The goals are to provide students the opportunity to:

- Develop and apply their understanding of the four competencies that define L.E.A.D.
- Learn from experienced engineering alumni and industry professionals about the importance of the competencies and how they apply them in their life after-Bucknell.
- Strengthen the inter-personal skills needed to solve the problems facing our global society.

Freeman Students, Faculty, Staff and Alumni in the News

The MORS department gathered for their first of many department social events, **S'mores with MORS**. This event was aimed at giving students and faculty the chance to connect and build community within the newest of the Freeman College's departments. Students and faculty gathered at the Bucknell fire pit to roast marshmallows and enjoy apple cider while getting to know each other outside of the classroom setting. The faculty have made it their priority to continue to engage in close student-to-faculty relationships inside and outside of the classroom as the department rapidly grows, this event being just one of the examples. Be on the lookout for our next event in November!
